FOURTH EDITION

WELCOME

Welcome to the fourth edition of our fine pearl jewellery brochure. We are delighted to showcase our latest collections of pearl jewellery and reiterate our service commitment to you.

Team Raw

We are a father and daughter-led team with 38 years of experience supplying fine pearl jewellery to the UK trade. Our aim is to build deeper, long-term partnerships that go beyond a pure transaction. We like to provide a more attentive service – available not only via phone and email but mobile and WhatsApp. We hand-select all of our pearls... every one, sourcing internationally from pearl farms and string almost all of our jewellery in our Somerset workshops.

Your needs

We've been listening to what you need from us... beautiful jewellery and top-notch service are a must, but competing in an increasingly digital retail environment is changing the game.

The digital retail environment

Your customer is researching online prior to stepping into your shop and gaps in product areas online could mean lost sales whether you have an e-commerce platform or not. We are proud to offer more images than ever before – beautiful, professionally shot images (like those in this brochure) on clean white backgrounds in both high and low resolution formats. We make it easy for you to showcase your product beyond the store, sell it, and of course do business with us again. Providing you with beautiful imagery for your website and digital marketing activities is all part of our commitment to you.

Get in touch

We're happy to chat any time – you can reach Jonathan in the office on 01460 281 496, and Miranda (somewhere on the move) on 07989 940 589.
